Database Management System Lab [0612-304]

Date: 23<sup>rd</sup> January, 2026

To,  
The Course Teacher,  
Database Management System Lab [0612-304]

**Subject: Seeking permission to develop QuickShow [a reservation system for movie theater] using various concepts of web development & database management.**

Sir,

With sincere respect, I, on behalf of my team ‘**Pristine Falcons**’ would like to state our interest to develop a reservation system for movie theater containing following properties:

- **Project Title:** QuickShow
- **Features:**
  - Smart Booking System: Real-time seat availability & interactive seat layouts,
  - Secure Payments: Integrated with Stripe for ticket purchases,
  - User Management: Login, favorites, & profile powered by Clerk,
  - Admin Dashboard: Manage movies, shows, & analytics,
  - Movie Catalog: Browse movies with ratings & details,
  - Email Notifications: Instant booking confirmations via Nodemailer,
  - Cloud Storage: Efficient media management using Cloudinary,
  - Responsive UI: Seamless experience on all devices,
  - Event Workflows: Background operations powered by Inngest.
- **Objectives:**
  1. Designing a simple, interactive & dynamic reservation system.
  2. Applying various concepts of web development & database management.
  3. Integrating fluent payment process.
  4. Ensuring users satisfaction.
- **Tech Stack:** Inngest, Nodemailer, Cloudinary, Clerk, Stripe, MongoDB +Mongoose, Node.js + Express, Lucide React,Axios,React Router DOM,Tailwind css, React.
- **Expected Outcome:** The project will result in a functional chatting system capable of conducting minimal conversations in simple, transparent & user-friendly process.

Our team ‘**Pristine Falcons**’ consists of the following members who are committed to deliver the best effort in their assigned roles:

| Roll No. | Name                    | Role               |
|----------|-------------------------|--------------------|
| 02       | MOSADDEK HOSSAIN MEHEDI | Frontend Developer |
| 21       | HASIBUL HOQUE PROBAL    | Backend Developer  |
| 22       | MST. SULTANA YEASMIN    | Documentation      |
| 40       | AZIZUR RAHMAN ARZU      | Quality Assurance  |

We sincerely request your approval to accelerate the required follow-up actions for the successful completion of the project.

Yours sincerely,

on behalf of Pristine Falcons —

**MOSADDEK HOSSAIN MEHEDI**
